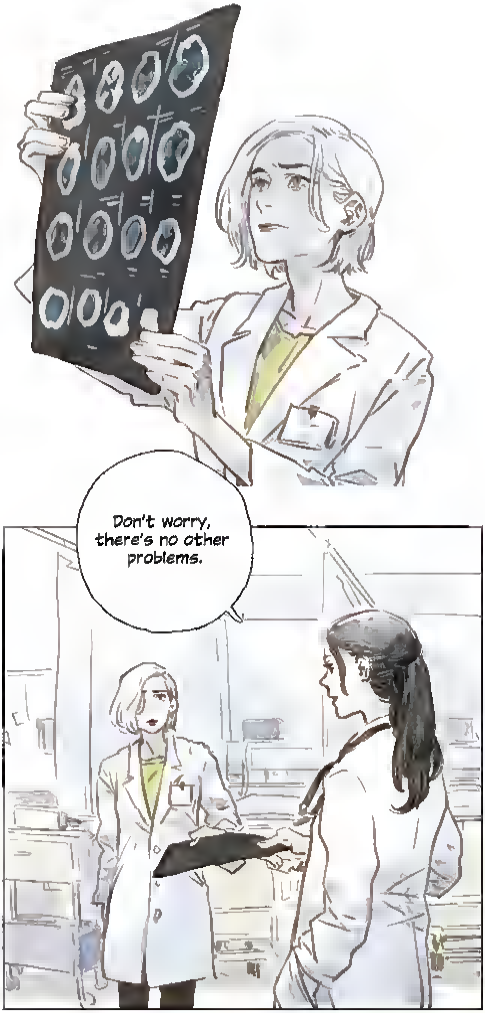
CHAPTER 5

THE TRUTH

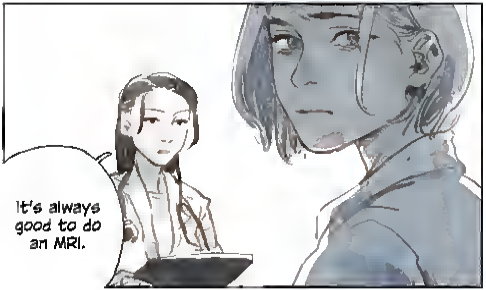
Minor concussion.

@Jue 王王

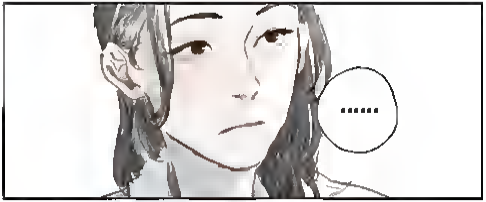


Don't worry, there's no other problems.

But of course, to be on the safe side—...

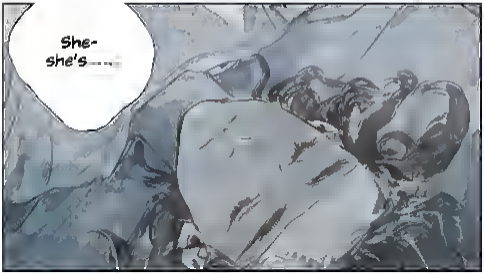


It's always good to do an MRI.

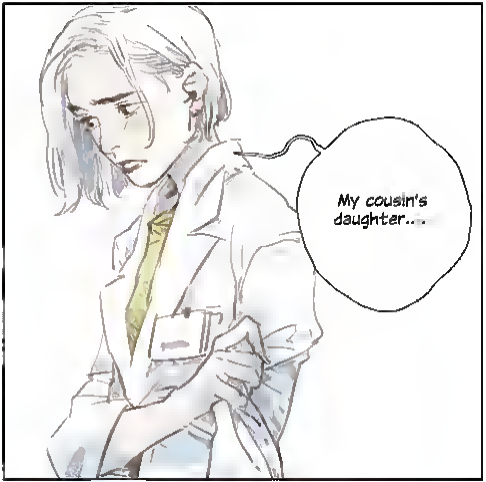


This kid.....

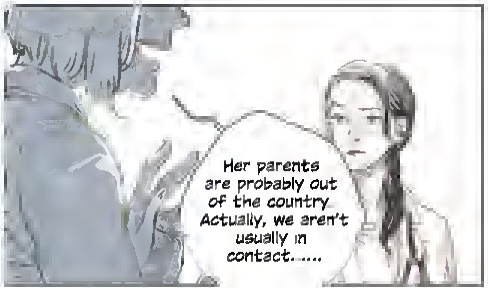
@Jia-五宝



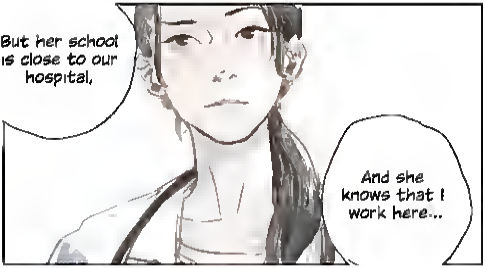
She-
She's----



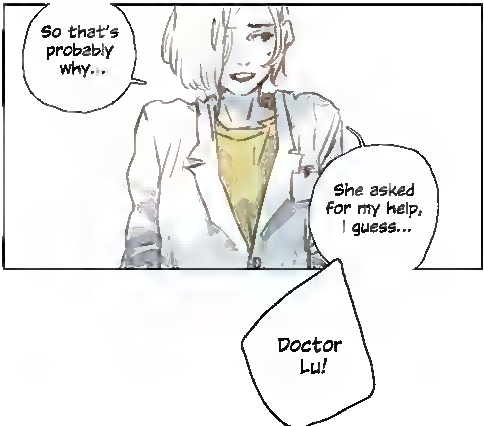
My cousin's daughter....



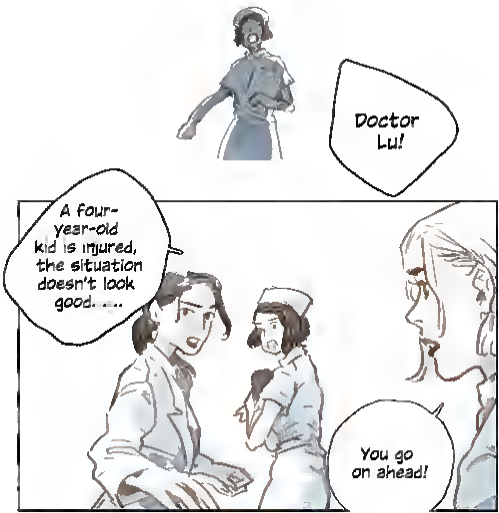
Her parents are probably out of the country. Actually, we aren't usually in contact.....



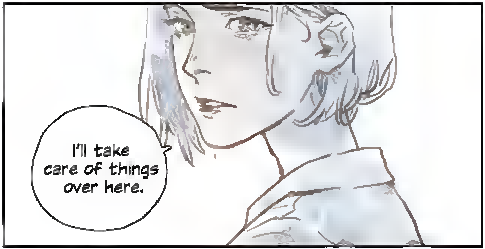
But her school is close to our hospital,
And she knows that I work here...



So that's probably why...
She asked for my help, I guess...
Doctor Lu!



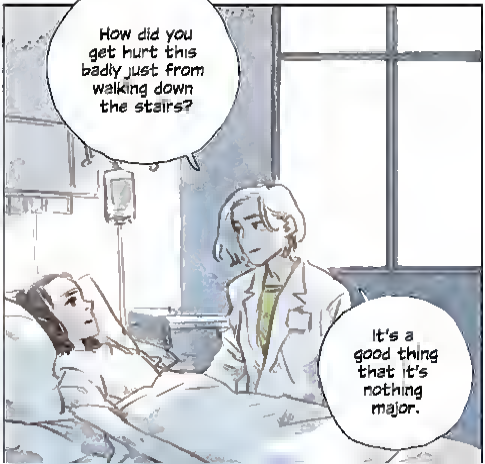
Doctor Lu!
A four-year-old kid is injured, the situation doesn't look good. ...
You go on ahead!



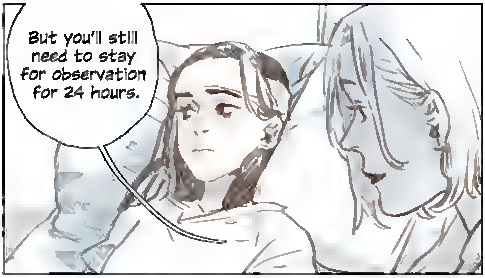
I'll take care of things over here.

Thank you...

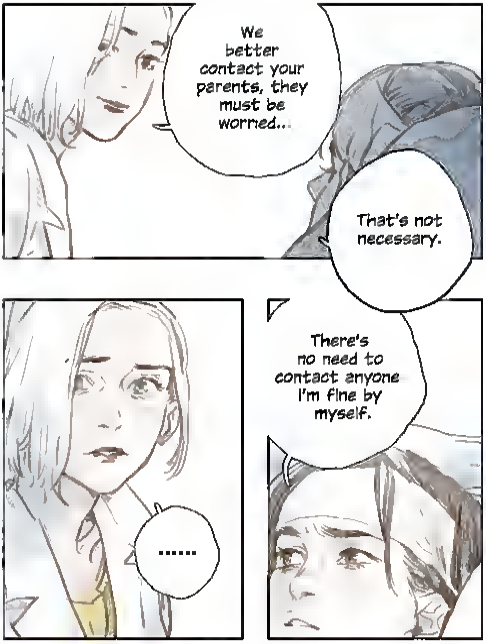
@Jdd-五王



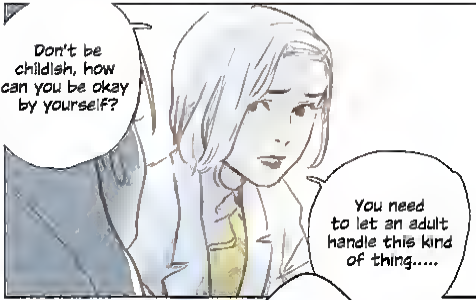
How did you get hurt this badly just from walking down the stairs?
It's a good thing that it's nothing major.



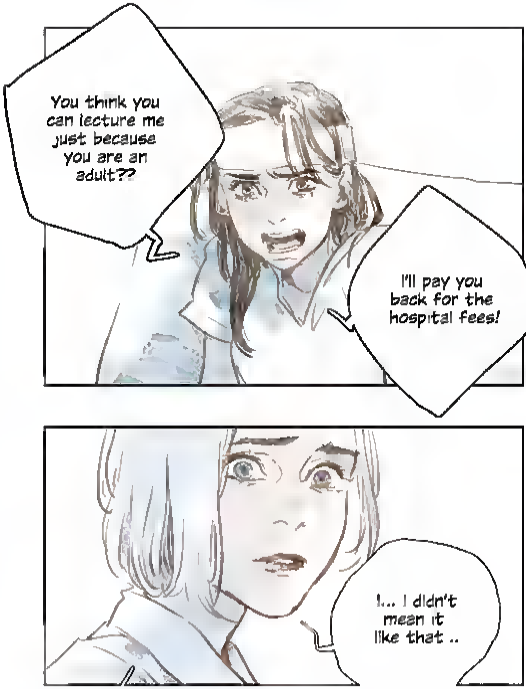
But you'll still need to stay for observation for 24 hours.



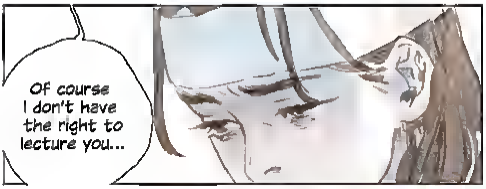
We better contact your parents, they must be worried..
That's not necessary.
There's no need to contact anyone I'm fine by myself.
.....



Don't be childish, how can you be okay by yourself?
You need to let an adult handle this kind of thing.....
WHAT'S SO GREAT ABOUT ADULTS?!



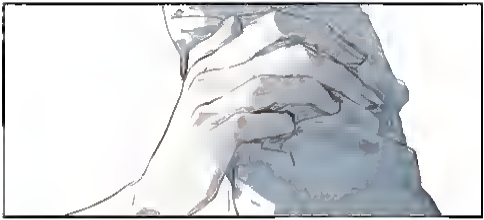
You think you can lecture me just because you are an adult??
I'll pay you back for the hospital fees!
I... I didn't mean it like that ..

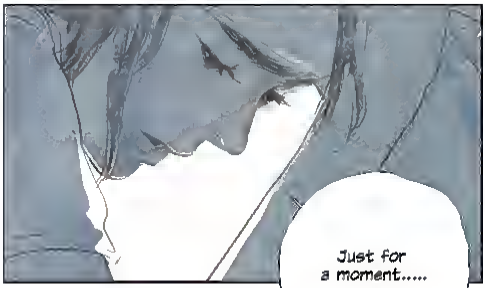


Of course I don't have the right to lecture you...

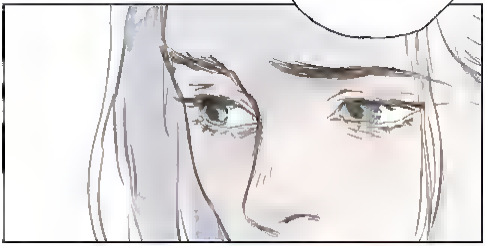
You better get some rest, I'll.....

@Jue 五宝



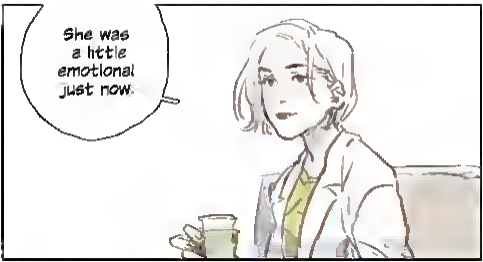


Just for
a moment.....

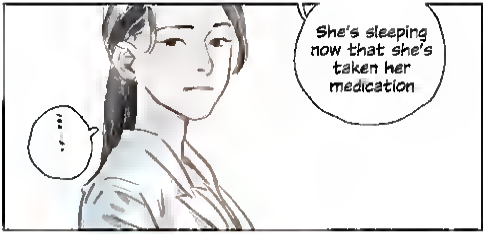


@Ja...五宝

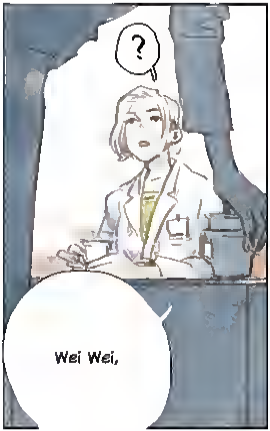
How's that kid doing?

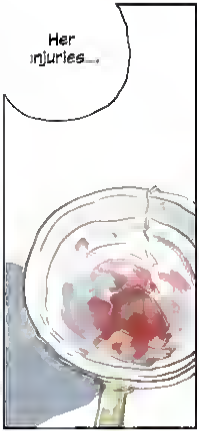


She was a little emotional just now.



She's sleeping now that she's taken her medication
...





They're probably not from falling down the stairs.
